

TECHNICAL DATA SHEET

Order reference	NPR36
Article reference	813920

Date	10-6-08	Replaces	New	No. Pages	1
-------------	---------	-----------------	-----	------------------	---

Product Description:

Style	Drain Cover
Components	1 – NPR36 drain cover (thickness = 3 mm)
Color	Black
Composition	Neoprene

Intended Application	Drain Cover
-----------------------------	-------------

Packaging Description:

Package configuration	Each	Pkg. Weight	4.5 kg. (3.6 kg)
Items per Package	1 unit	Product Dimensions	92 x 92 x 0.3 cm
Container type	Carton	Pkg. Dimensions	20 x 20 x 102 cm

Physical Properties:

<u>Parameter</u>	<u>SPC Test Method</u>	<u>Units</u>	<u>Nominal</u>	<u>(+/-)Tolerance</u>
Color	Visual	-----	Black	Per standard

The above properties are “nominal” values used for PROCESS CONTROL when the product is produced and/or inspected. Performance “nominals” may vary depending upon the specific application, and/or the environment being applied, stored, or shipped.

Attributes	Product will be free of foreign material contamination, rips, holes, and tears.
Labeling	Each package to be clearly labeled with Company Name, Address and Item Number.
Certification	Make no changes in basic process or composition without notifying customer. Claims for non-conformance of goods must be made within 60-days of delivery.
